

# THE LONDON NEUROMONITORING AND MAPPING INTERNATIONAL COURSE

Friday 17<sup>th</sup> November 2017

Saturday 18<sup>th</sup> November 2017

**Directed by:**

**Mr Ranjeev Bhangoo, Consultant Neurosurgeon**  
*King's College Hospital & Harley Street Clinic*

**Mr Sanj Bassi, Consultant Neurosurgeon**  
*King's College Hospital & Harley Street Clinic*

**Mr Christian Brogna, Academic Neurosurgeon**  
*King's College Hospital*

**Mr Irfan Malik, Consultant Neurosurgeon,**  
*King's College Hospital & Harley Street Clinic*

**Harley Street Clinic**  
**15 Devonshire Street**  
**London**  
**W1G 6HF**

# THE LONDON NEUROMONITORING AND MAPPING INTERNATIONAL COURSE

Friday 17<sup>th</sup> November 2017

- 09.00 Registration
- 09.30 Welcome and introduction
- 09.40 Importance of neuromonitoring
- 10.00 Principles of intraoperative neuromonitoring
- 10.30 Discussion
- 10.45 Coffee break
  
- 11.00 IONM modalities part I:  
Somatosensory evoked potentials  
and motor evoked potentials
- 12.15 Discussion
- 12.30 Lunch
  
- 13.30 IONM modalities part II: Brainstem  
auditory evoked potentials, visual  
evoked potentials,  
electromyography and direct nerve  
stimulation
- 15.15 Discussion
- 15.30 Coffee break
- 15.45 Anaesthetic considerations in  
IONM
- 16.00 Discussion
- 16.15 Hands-on IONM workshop
- 17.00 Closing remarks

# THE LONDON NEUROMONITORING AND MAPPING INTERNATIONAL COURSE

Saturday 18<sup>th</sup> November 2017

- 09.00 Registration**
- 09.30 Welcome and introduction**
- 09.40 Advanced neuromonitoring in neurosurgery**
- 10.00 Anaesthesia considerations**
- 10.30 Discussion**
- 10.45 Coffee break**
  
- 11.00 Neurosurgical applications: Spine and spinal cord surgery**
- 12.45 Discussion**
- 13.00 Lunch**
- 14.00 Neurosurgical applications: Brainstem surgery**
- 15.00 Discussion**
- 15.45 Coffee break**
- 16.00 Neurosurgical applications: Brain surgery**
- 17.15 Discussion**
- 17.30 Hands-on IONM workshop**
- 18.00 Closing remarks**
